### DETAILED ACTION

This action is in response to Applicant's amendment filed on 10/24/2008.

**Independent claims 1, 10, 15, 19, 25 and 29 have been amended** to overcome the examiner's cited prior art references of Soltis (US Patent Application Publication # 2007/0094354 A1), Byrnes (Patent Application Publication # 2005/0138162 A1), and Sirota et al. (Patent Application Publication # 2007/0180446 A1). **Claims 6, 11, 22, 24 and 28 have been cancelled. Claims 1-5, 7-10, 12-21, 23, 25-27 and 29 are now pending** in the present application.

### *Allowable Subject Matter*

**Amended independent claims 1, 10, 15, 19, 25 and 29 are allowable.** The following is a statement of reasons for the indication of allowable subject matter:

Consider **amended independent claim 1**. None of the prior art of the record teaches or fairly suggests all of the claimed limitation of the invention. The best prior art found during the examination of the present application, **Soltis (U.S. Patent Application Publication # 2007/0094354 A1)** in view of **Byrnes (US Patent Application Publication # 2005/0138162 A1)** and further in view of **Sirota et al. (U.S. Patent Application Publication # 2007/0180446 A1)** fail to specifically disclose the limitation of the claimed client apparatus, "wherein a storage agent comprising a metadata management module configured to minimize metadata processing on the apparatus by storing metadata in a centralized metadata database on the storage

Art Unit: 2443

server, wherein the metadata comprises a file data characteristic, a device characteristic, a media characteristic, a positioning indicator, and an append positioning indicator, associated with file data and stored on a specified volume”.

Since all the features of **claim 1** are not disclosed by any of the best available prior art, either alone or in any combination, the examiner considers **claim 1 to be novel and non-obvious and therefore allowable**. Other **amended independent claims 10, 15, 19, 25 and 29 recite same limitations** as listed above for claim 1, and are therefore also **novel and non-obvious and therefore allowable**.

**Dependent claims 2-5, 7-9, 12-14, 16-18, 20-21, 23 and 26-27 are also allowable** because of their dependency on the **allowable independent claims 1, 10, 15, 19 and 25**.
